NAACP Ignores Cry of Dying Babies

NAACP Annual Freedom Fund Dinner is Billed as the largest sit down dinner in State, Thousands gather every year.

For the Forth year in a row I am asking Friends to join me in telling the NAACP they must hear the, Babies Cry. Please bring pro-life signs and materials to pass out as we witness to people going into the dinner.

This is my annual cry from Macedonia for help. Our resources are limited so I must depend on God and my pro-life brothers and sisters for help.

You can help by praying for this effort, spreading the word on your e-mail list, and if at all possible come join us, April 27, 2008 3-6PM in front of Cobo Hall in Detroit. Financial donations would be greatly appreciated.
